Dear Keith Goodwin:

As owner of a 1991 Chevrolet Silverado Suburban, I would like to say thank you for introducing MICROLON Metal Treatment to me. Before MICROLON was added, my vehicle was averaging 14 to 16 miles per gallon it is now at a 21 to 23 miles per gallon. This product has increased the fuel mileage by as much as 33%.

Currently, this product is being used in two other family vehicles and I strongly recommend MICROLON Metal Treatment.

Sincerely,

Carlos Vargas
